www.savetheseaturtle.org

In Broward County over 2,000 sea turtle nests are laid each year. Marine biologists invest time and energy to protect these endangered animals. Frequently these nests must be relocated to prevent hatchling disorientation due to artificial light.

Now you or a friend can become a part of the success story of these sea turtles. **YOUR NEST ADOPTION** will support education, protection and awareness programs to aid in the preservation of sea turtles.

With your tax deductible contribution in the amount of \$40.00, you will receive a certificate and picture of the nest. After the nest hatches, we will send you information about the nest and how many hatchlings were released into the ocean.
