

WHAT KIND OF SEA TURTLE AM I?

1-877-TURTLE-3 www.savetheseaturtle.org

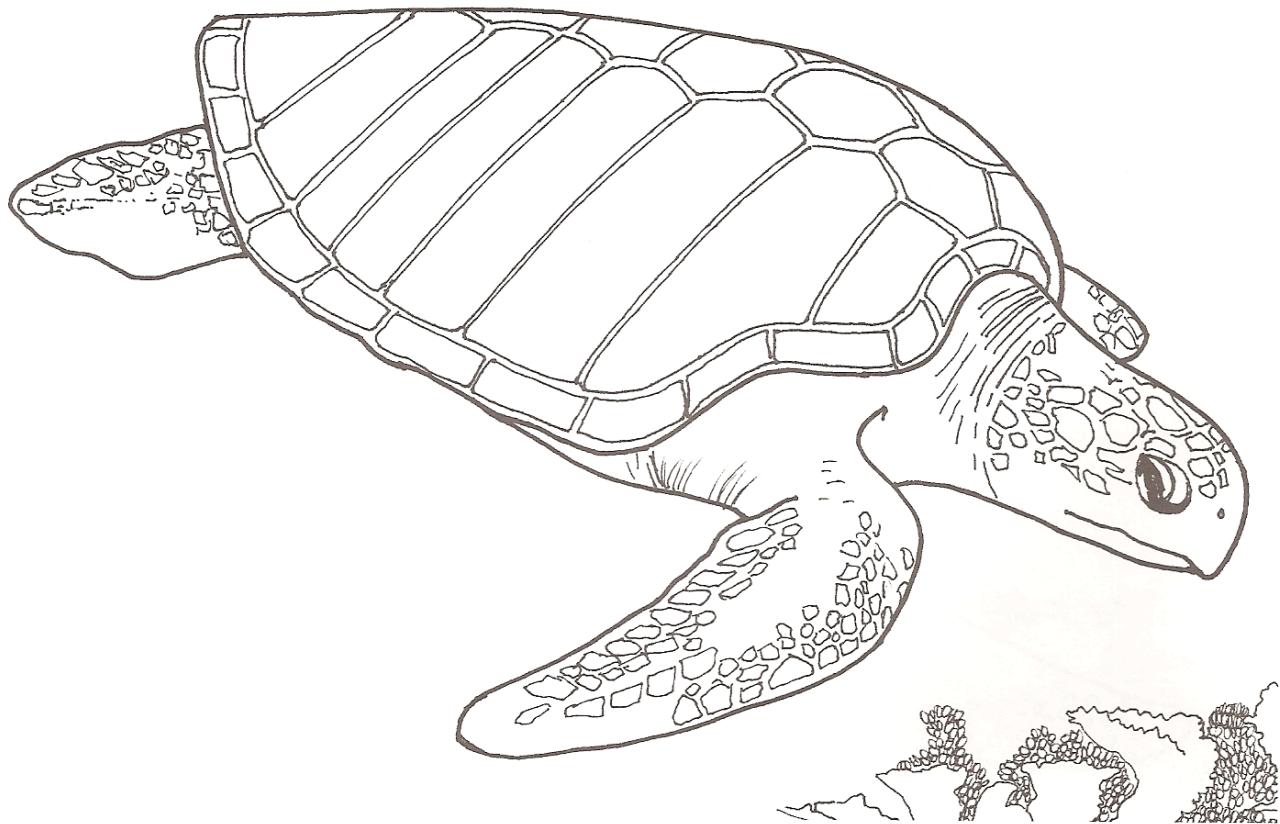

I'M A
Leatherback
SEA TURTLE

I'm the biggest sea turtle of them all!

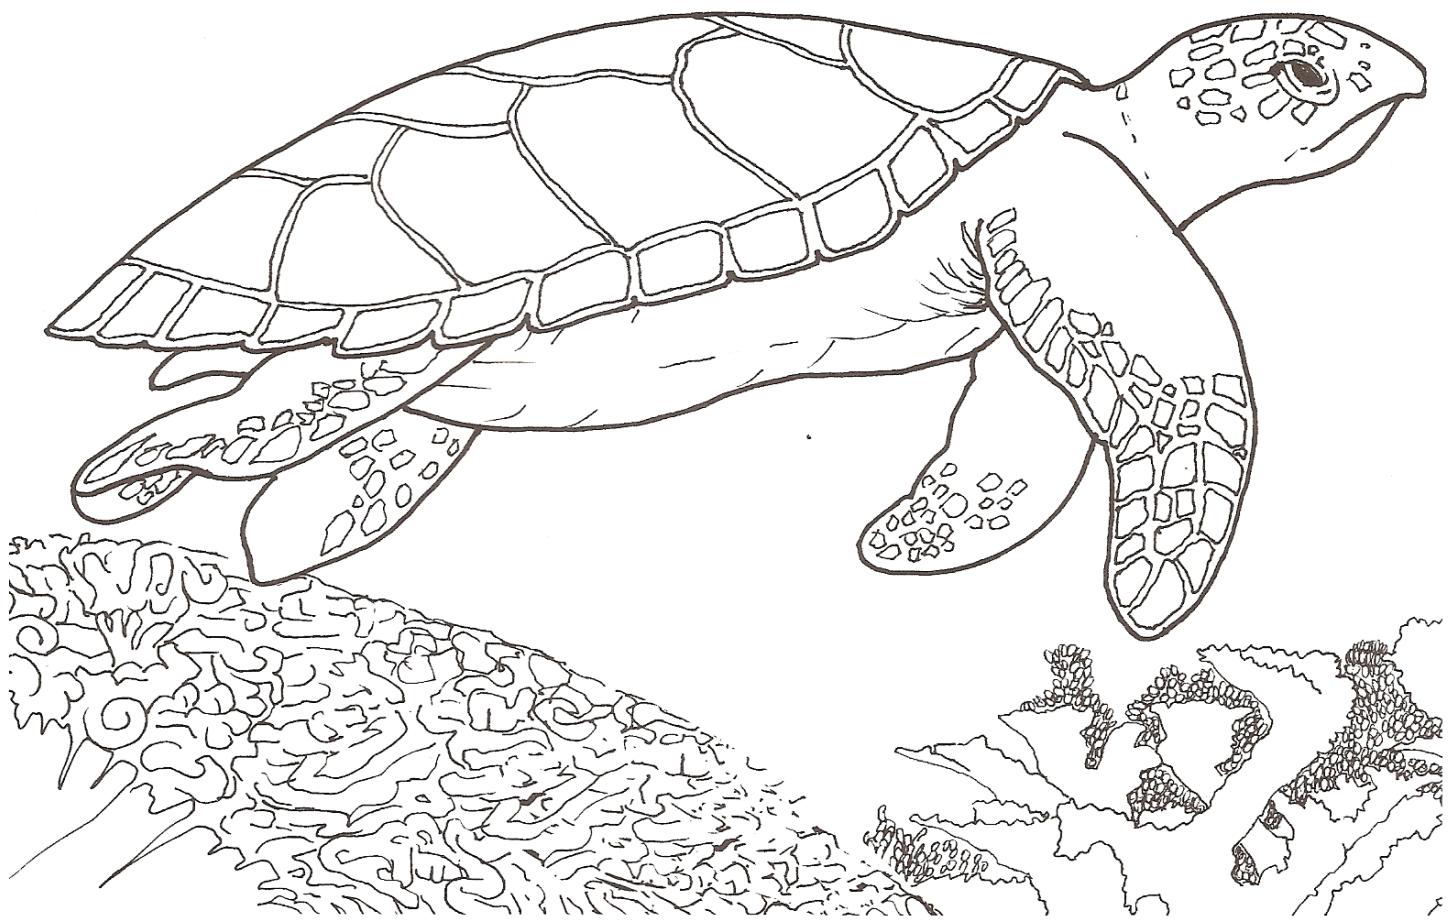

At 8 feet long and 2,000 pounds, I'm as big as a Volkswagen bug. I love to eat jellyfish! But when a plastic bag is thrown in the ocean, it looks like a jellyfish. And when I eat the bag instead, I get very sick!

I'M A
Kemp's Ridley
SEA TURTLE

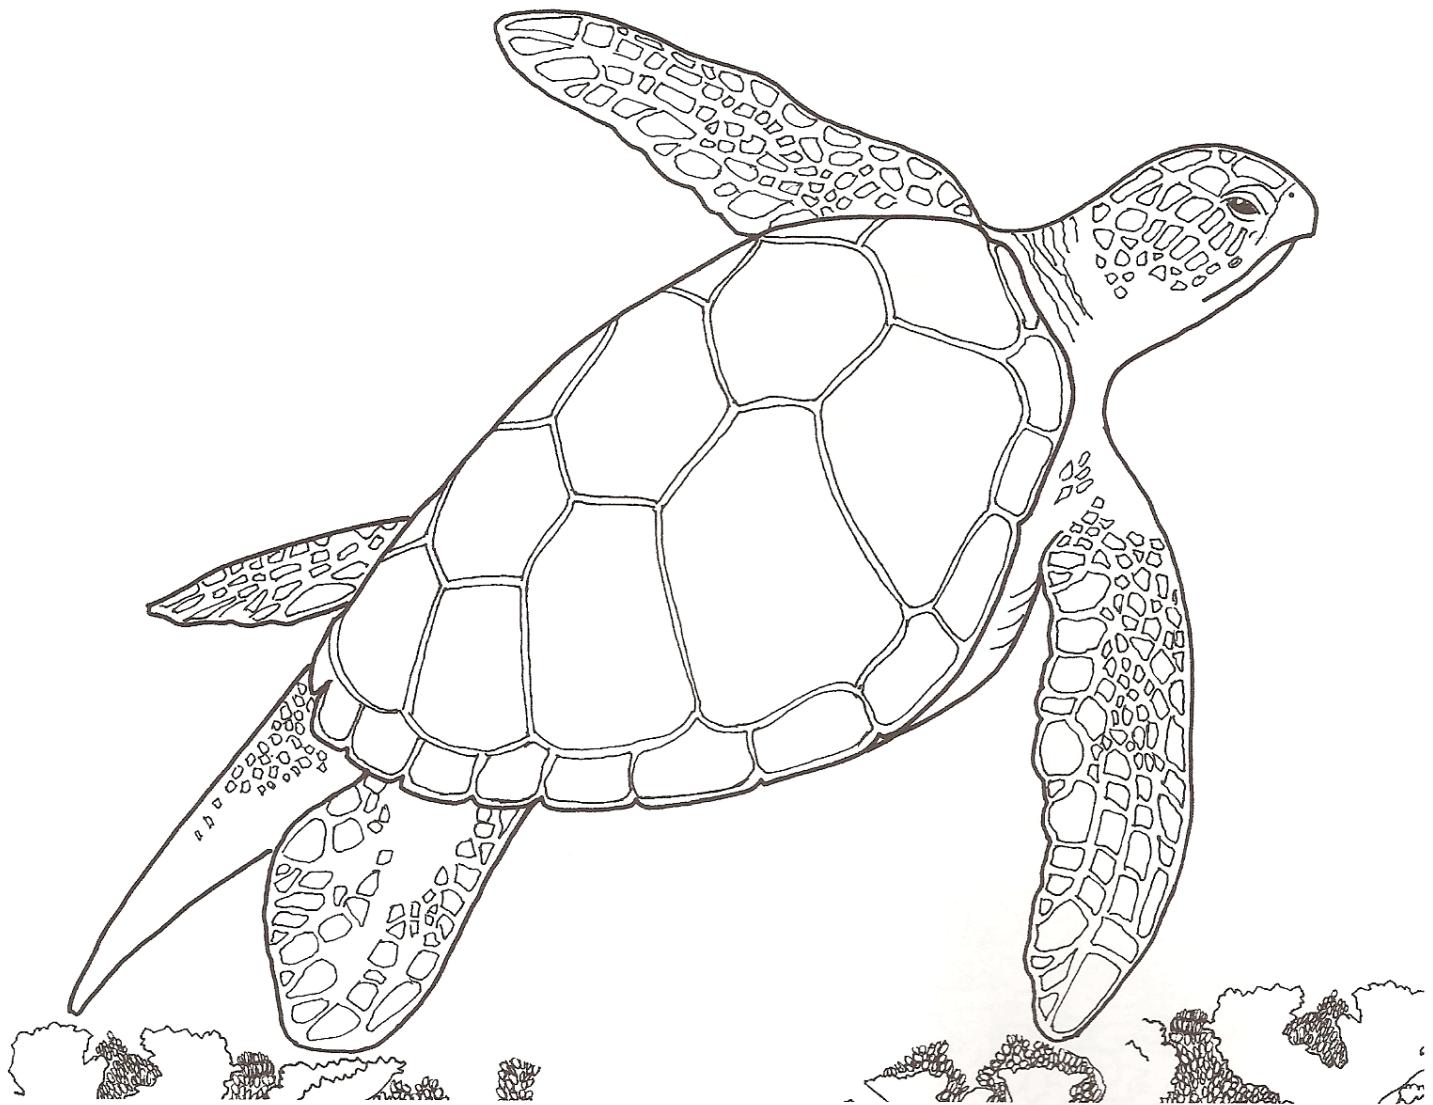

I'm the rarest of all the sea turtles. I'm also the smallest.
I'm 2 1/2 feet long and weigh 100 pounds. I'm the same size as a Labrador.
I love to eat crabs. But I'm not crabby at all!

I'M A
Hawksbill
SEA TURTLE

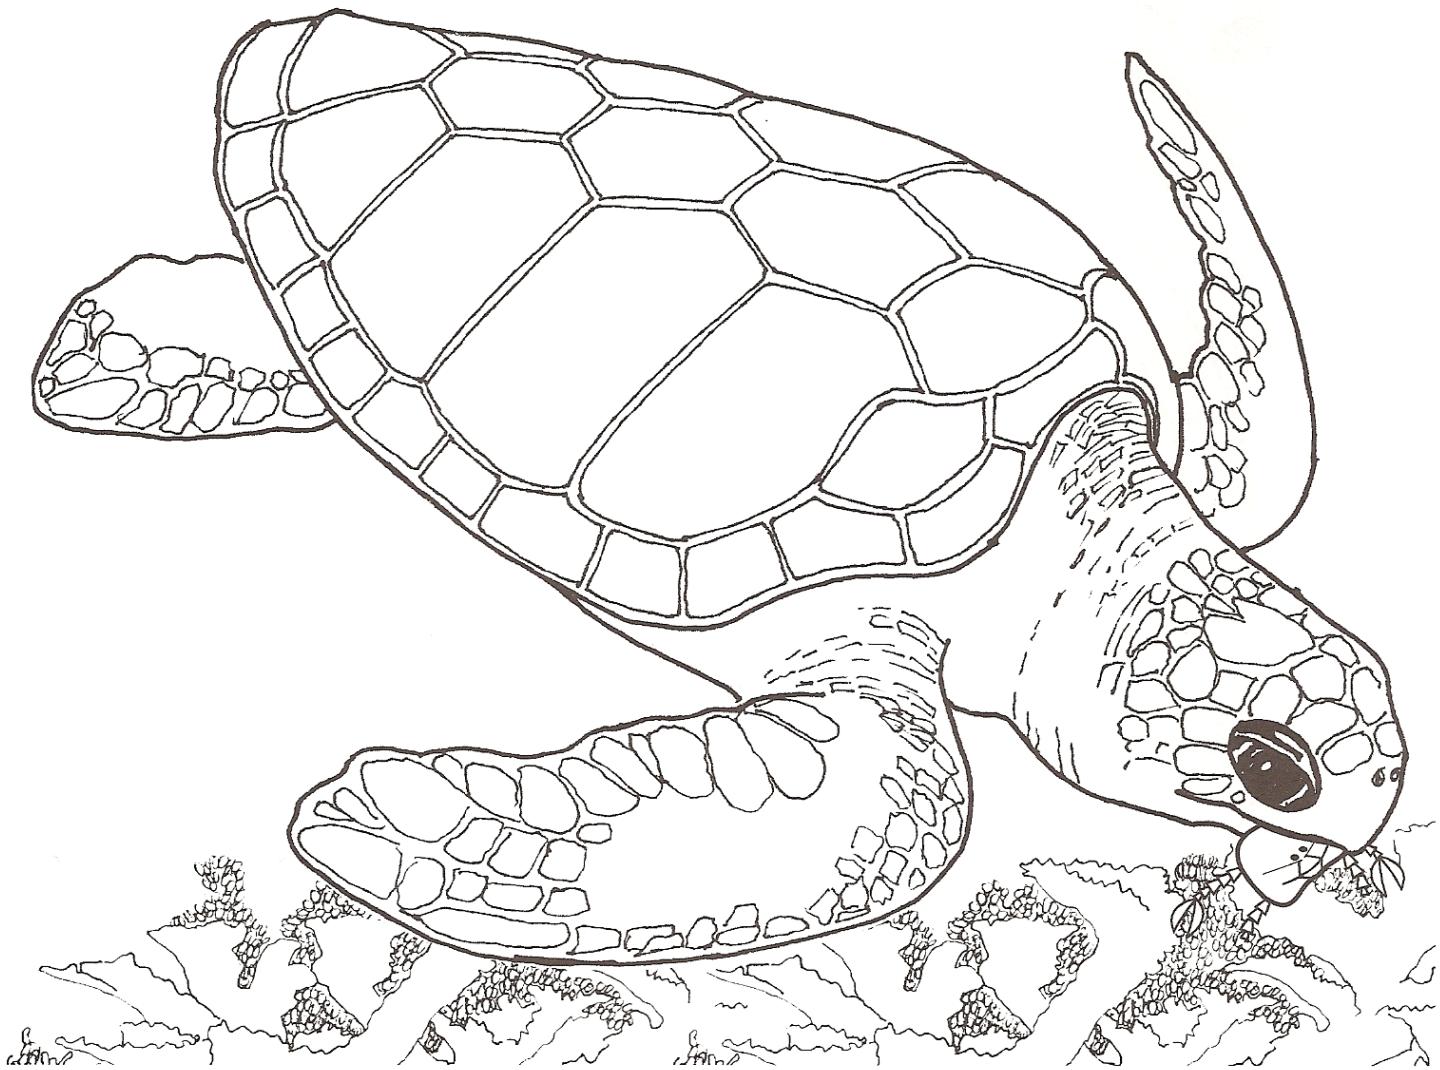

I love to eat sponges! And I'm very handsome indeed! Please don't buy jewelry made of my shell. Make sure there will be more of us swimming about!

I'M A Green SEA TURTLE

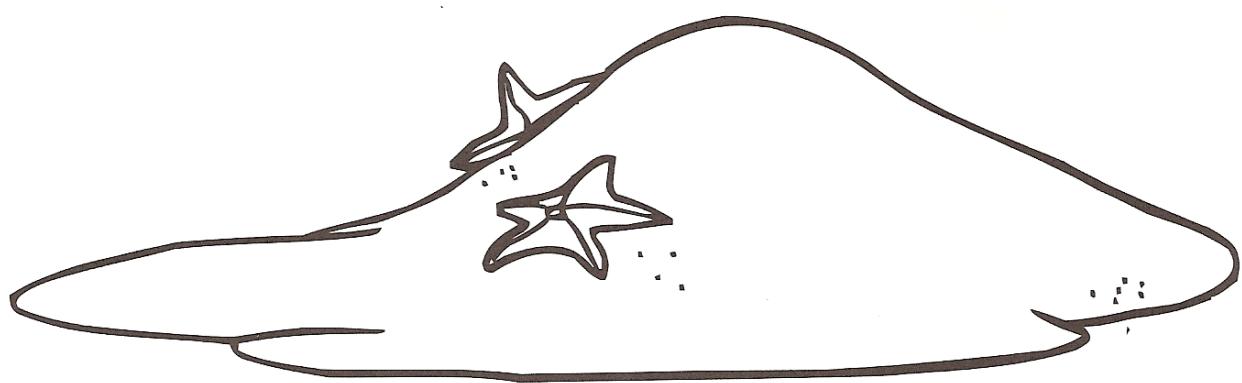

I'm 3 feet long and can weigh up to 500 pounds. I love to eat seagrass and algae. Is that why I'm called a Green sea turtle?

I'M A
Loggerhead
SEA TURTLE

I have a big head as you can tell by my name. When I dig a nest on the beach, I lay over 100 eggs. I have to be careful of fishing lines and nets. If I get caught I can't swim away.
